The Bloodmobile is Comina

Next, Wednesday, March 25th, there will be an American Red Cross Blood Bank at American Legion Hall from Noon until 6 p.m.

So, mark your calendars now, and plan to come and make that great gift that only you can make-a pint of your precious blood to keep one of your fellow men or women alive and healthy.

Blood is still in critically short supply. It is not quite as critical as last January, but in many areas of the southern part of the State of Michigan elective surgery is still having to be delayed to some extent.

Remember, the Crawford County Transit Service-Dial-A-Ride-will come and get you and return you from the Legion Hall, FREE, if you come to donate. Just Phone 348-5409.

This spring mark the Centennial Anniversary of American Red Cross! One Hundred Years of Service to Americans Nationally! And Crawford County Chapter/American Red Cross will record their 64th year of service to the Citizens of our Community!

Let's make this Centennial Blood Band a record one! Please!

County Population Jumps 45%

Population in Crawford County increased from 6,482 to 9,475 from 1970 to 1980, according to preliminary population counts published recently by the U.S. Department of Commerce.

The 45 percent increase results from significant gains in township populations and not in the city, where there was a drop from

Population figures for the county units are as follows:

		1980	1970
	CRAWFORD COUNTY	9,475	6,482
	Beaver Creek Township	749	523
	Frederic Township	1,136 .	697
	Grayling City	1,794	2,143
	Grayling Township	4,033	2,252
	Lovells Township	324	117
	Maple Forest Township	35 3	217
	South Branch Township	1,086	533
(Gains were also recorded in adjoining	counties	with the most

dramatic percentage increase occurring in Kalkaska where the population jumped from 5,372 in 1970 to 10,926 now. Other increases include: Roscommon, 9,892 to 16,324; Otsego, 10,422 to 14,983, and Oscoda, 4,726 to 6,843.

Housing units in Crawford County climbed from 4,010 in 1970 to 497 in 1980, the report shows.

The Bureau of Census reports that these preliminary figures will be superceded by the final counts in advance reports expected out within the next few months.

Speed Enforcement Grant OK'd For County

The Michigan Office of Highway Safety Planning has approved a speed limit enforcement grant for Crawford County amounting to \$43,500, Sheriff Joe White reported on Monday. White said the grant will allow the department to employ two

deputies on a continuing basis, the grant being approved for the period April 1, 1981 to March 31, 1982. White also said the grant was approved on a 75/25 basis, the

county picking up 25% of the cost of the program.

Notification of approval was received Monday from Phillip Haseltine, Director of the Office of Highway Safety & Planning.

C of C Meets, Discuss Finances

Plans are being finalized for the C of C's Caribbean Cruise Raffle Party on May 21st at the Holiday Inn. Further details will be forthcoming and the tickets are set at \$50 apiece. Prizes to be awarded include a 10-day Caribbean Cruise, a 7-day Acapulco Adventure and a 3-day Las Vegas trip.

Tickets are now available for the Detroit Lion's basketball game on Thursday, April 2. Defensive end Bubba Baker will headline a list of Lions' stars who will tangle with a local all-star squad. Tickets are priced at \$4. The game will be played at the high school.

Plans are already being formulated for Grayling's Milltown Festival celebration scheduled for July 25-August 2. Jeanene Fijolek is chairperson for this year's event which will feature the "Old Milltown" theme.

In another Board matter, Steve Sauter of the Tourism Committee discussed consideration being given to publication of a tabloid about Grayling and Crawford County. If published, distribution will be made to guardsmen scheduled to train here this summer and would be made available at area motels, etc.

The publication will accentuate the attractions available here and is aimed at promoting travel to the Grayling area.

Classes Begin Monday

Grayling Program To Offer New Adult Classes

The Spring term for Adult Enrichment Classes will get under way at Grayling High School on Monday evening, March 23. Several new classes have been added to the line up which also includes several of the favorite spring classes. All classes will be held at Grayling High School with class time set for 7:00 p.m. each evening. Most classes meet for 2 hours one evening each week for a period of eight weeks. Classes scheduled for Monday evenings are Power Volleyball, Gardening and Cake Decorating. On Tuesdays a class in Beginning Folk Guitar is offered. Wednesday evening classes are Oil Painting, Photography, Ukranian Egg Decorating and Counted Cross Stitch. Thursday evening classes will include Dog Obedience and Music Appreciation.

Registration for Adult Enrichment Classes can be completed the first night that each class meets. Persons planning to attend Adult Enrichment classes asked to call the Grayling Community School Office and pre register for their classes.

At the present time, the Grayling Community School is planning to offer a golf class later in the spring. Details for the class could not be worked out in time to offer golf during regular Spring

Fischer-Flack, a leading mass distributor of electrical supplies, industrial and builder's products, officially opened for business March 9th in Grayling's Industrial Park, handing much of the credit for its decision to locate here to the Grayling Regional Chamber of Commerce.

Speaking at a companyhosted luncheon on Monday, Fischer-Flack Board of Director Chairman Robert H. Tiderington said the company was seriously considering other Northern Michigan locations when an all-out sales effort by the C of C last summer tipped the scales toward Grayling.

The company is in its 92nd year of business and opening of the Grayling distributorship brings to five the number of outlets now open in Michigan.

Others are located in Alpena, Midland, Alma and Saginaw, which also serves as the company's administrative headquarters.

Robert Boardman, a 4-year veteran with Fischer-Flack, manages the Grayling operation, moving here last October from the company's Alma facility. Kurt Kolka of Grayling

is assistant-manager. Boardman said Fischer-Flack is able to provide industrial supplies not previously available in Grayling and caters to contractor and industrial needs. Some home appliances are also available at the Grayling outlet. distributorship is located at 2410

The program is but one part of the district's overall plan to meet federal and state laws for educating youngsters who have been identified as requiring special instructional services. Under these requirements, special education students are assigned to regular classrooms, or "mainstreamed", for participation in as many learning activities as are possible within the students' capabilities. The remainder of the child's day is spent in a special education

classroom. In order to afford teachers an opportunity to participate in this federally funded inservice, classes will be dismissed early on Tuesday, March 24. The dis-

Board Sets April 28th For School **Bond Vote**

by Joe Schrader

Meeting in regular monthly session, the Crawford-AuSable School Board Monday night passed unanimously resolution of voter registration for an April 28 bond proposal for construction of a new middle school in the district.

The final resolution climaxed a lengthy study by the Board and met little opposition Monday from opponents to the reconstruction plan.

Thus voters will decide in a special election April 28 if bonds for \$3.55 million should be sold to build the middle school addition at the high school.

If approved, construction could begin as early as this fall.

The proposition presented to the voters will be for the purpose of erecting, furnishing and equipping middle school facilities as additions to the existing high school building and high school gymnasium; remodeling the existing middle school gymnasium and bus garage as necessary for continued use; constructing and equipping additional playground facilities; and developing and improving sites.

The plan also calls for demolition of the current middle school building, which has served the community since 1916.

The new middle school addition will also accommodate fifth grade students and the

Local Schools **Complete Testing**

The Crawford AuSable Schools have recently completed testing fourth, seventh and tenth grade students in minimal Math and Reading State Objectives. The Michigan Department of Education requires this testing be done each Fall. Local educators feel this program provides one of several sources of information by which student progress in reading and mathematics can be evaluated.

When comparing the Crawford AuSable students with the State average, the Crawford AuSable students scored:

6.6% higher in the fourth grade on the attainment of Reading Objectives.

2.8% lower in the fourth grade on the attainment of Math Ob-

jectives. 6.7% higher in the seventh

proposal includes sharing of high school facilities such as music, homemaking and industrial arts classrooms.

The Michigan Dept. of Education granted approval for the qualification of school bonds on March 10, confirming that the proposed bond issue met all the requirements of Public Act 108, as amended.

School officials estimate the project will cost taxpayers an additional 3.28 mills the first year. Meanwhile, administrators are awaiting decisions on tax changes being discussed in Lansing before finalizing an operating budget for the 1981-82 school year.

Voters in June of last year passed a 17.90 mill renewal for school operating this year by a comfortable margin.

No Winner In This Super Bowl

Two local bars were handed stiff penalties March 9 for liquor law violations that in both instances involved the operation of Super Bowl pools in January.

According to Ken Swarthwood of the Michigan Liquor Control Commission Enforcement office in Gaylord, American Legion Post No. 106 and Grayling House were both found guilty of allowing gambling devices on their licensed premises in violation of state

Following a February 26 hearing before Edward Wiest in Lansing, the Grayling House was orderd to transfer its license to a "person or persons" acceptable to the Liquor Control Commission within 90 days. Further, the business was ordered to turn over \$4,200 to the Commission, money collected in the \$5,000 Super Bowl pool, contraband which will be placed in the state's general fund.

American Legion Post No. 106 was ordered to pay a fine of \$200 and additionally, must turn over \$273, the unconficated remainder in a \$500 pool. Investigator Harold Eickholt previously confiscated \$227 on the date of the investigation, January 22, 1981.

Both businesses have 20 days to appeal the orders which were issued March 9, 1981.

Other Board matters:

• The Board passed a resolution permitting the County of Crawford to join the City of Grayling, Township of Grayling and the Crawford - AuSable School District in the Grayling

Recreation Authority. Supt. Dr. William Diedrich advised the Board that the move would provide greater cost-effectiveness and more coordination, however including the county requires a change in P.A. 192 (1976) by the state legislature.

 The Board approved payment of January bills amounting to \$312,868 and also authorized payment

February bills of \$331,878. • Low bids of \$426 for the district's eight foot long heavy duty Western snow plow and \$116 for the district's 1969 G.M.C. 3/4 ton truck were ac-

cepted by the Board. • The Board OK'd a request to sell 50 old band uniforms stored at the high school which were replaced in 1974.

 William E. Diedrich, School Supt., Paul B. Lerg, Asst. Supt., Kent S. Reynolds, Principal, and Wm. Duane Sloan, Board member, were formally appointed to represent the Board of Education in 1981-82 negotiations with district employee bargaining groups.

 High School Principal Kent Reynolds presented a report on high school accreditation, including information on a more extensive North Central Accreditation system differing from the current University of Michigan accreditation.

• High School counselor Chris Smith reviewed for the Board results of Michigan Education Assessment Program tests See School on Page 2

Jazz Band Concert March 24th

The 20 member Jazz Band will be presenting their first concert on Tuesday evening, March 24th at 7:30 in the Joseph Stripe

The program will include several old songs and some new ones. For an evening that will be very enjoyable, plan to attend this concert.

The Grayling Area Jaycees have announced that preparations are underway for the 1981 AuSable non-stop Canoe Marathon. This year's race will begin at Ray's Canoe Livery in Grayling at 9:00 p.m., Friday, July 24. The Jaycees are planning pre-race events and entertainment, so plan on coming down to the AuSable River bridge early that Friday evening. A State Championship amateuraluminum canoe race, nine to fifteen miles long, may be staged at 8:00 p.m. A complete schedule of events will be published at a later date.

The Grayling-Oscoda Race Committee has established a \$7000 prize money goal. Again this year advertising space in the Canoe Race Program Book will be sold to raise the prize money. Twenty thousand of the programs are to be published by Memorial Day and will be distributed in this area, in Southern Michigan and at canoe races in other states.

The Grayling Jaycees would like to thank the over 90 local businesses who supported the race with \$4800 in program ads last year, just slightly short of the \$5100 1980 goal. This year, \$5500 of program advertising will fund one-half of the prize money and printing costs. Last year's program was well received and the 1981 book will

Although students of the Crawford AuSable Schools have generally made improvement over averages from last year, the district is committed to even greater achievement in reading and mathematics. Local educators have recently completed testing all students in grades K-8 on specific reading objectives tailored to local needs. Teachers plan to use the results of this locally developed test to meet specific, individual reading needs. Teachers are presently working on a similar plan to improve basic mathe-

matics skills. The Michigan Educational Assessment Program scores are, however, helpful to the individual parents, student and teachers. The report each student receives shows the specific high and low points in basic reading and math skills. A teacher can use this information to focus on specific areas of need for an individual student.

In coming weeks the school district will be releasing specific update reports and information about how we are working at improving reading and math skills.

From Our Corner ...

If you happened to miss us...we're back...

Have you ever taken a vacation, and when you return you feel as if you haven't been missed and really not needed. While we were gone we read in the paper cartoons that appeared on the front page...one of them read...You know you're in trouble when..."you come back from vacation and find a computer where your desk used to be."...that almost happened to me.

We are still fighting the jet lag...just can't get back in the groove of helping to put out your favorite newspaper...maybe after this issue things will be back to

It was sort of a shock last Tuesday when we left Las Vegas and 75 degree sunny weather and when we deplaned at Traverse City at around 11:30 we were greeted by about an inch of snow and a cold blustry 30

Our two weeks out west is just what the doctor could offer...we spent most of our time just R & R...three days while we were there, Dane, Cyd, Amber, Toni, T.J. and Stef drove to Disney Land and met Mickey and Minnie Mouse...Cyd's mother Betty came over and she and our bride took in a few of the Casino's and dinner while we stayed home to get some much needed rest...seems like that's all we did out there except for a few evenings out with the family for dinner...

One thing we found out is that Las Vegas has not changed since last year's visit...it's still the tinsel city without clocks...anyone who would be brave enough can gamble, eat and drink the clock around and no one will bat an eye at your accomplishment...we talked to a few who were staying at the hotel and they said if they got tired they would go upstairs, take a nap and come back to the casino, it has to be in a persons blood to gamble...we don't have it...we spent 3 quarters and quit...our bride is a bit different, she likes the one armed bandits, and did quite well for a while, but the bandits seem to get your money back...slot machines are a common sight, grocery stores, the air terminal, they are ready to catch you when ever you have some loose change...

A couple of days we were there we took a bus man's holiday and visited the Boulder City News and had a nice visit with Bill Harbour, writer for the paper and found out they only have an office there and send their copy production work down to Henderson a few miles down the pike toward Las Vegas...the other time Dane and I visited the Henderson Home News and talked with Mike O'Callaghan who is Editor and Publisher of both papers...it was sort of ironic talking to Mike, he came from Iron Wood, Michigan and was Governor of the State of Nevada for eight years...he said he knew Governor Milliken when he was in office...the Boulder City paper was celebrating their 50th year and the Henderson paper is in its 33rd year.

Again this year as last, we spent a day at Lake Mead and took the boat ride to the top of Boulder Dam, and may we suggest if you ever get near there take the trip...the mountains circling Lake Mead are just beautiful ...this was our second time and we enjoyed every bit of the one and half hour trip...

Enough of our trip west...We are still batting a thousand from when we left...some one swiped our hat just before our leaving, and now a couple days after our return some person or persons ripped off our CB radio from the wagon...probably will be more of these now that spring is upon us and the nights will get warmer for the worms to travel in...

When we arrived home we found that the battle fronts are forming on the proposed building of a new Middle School...we are becoming deluge of Letters to the Editor, and welcome them...one thing we would ask if the people for or against the issue would sign their name to be printed, the letter would carry more weight rather than name withheld by request. A letter signed carries more weight on any topic than one that is anonymous...

One more tidbit: You know you're in trouble when..."vou go to the hospital and find that your nurse is the girl you iilted 10 years ago." Have a nice weekend, this takes care of this turkey this week...

The Bible Speaks From Calvary Baptist Church

Deny Bible Truth

Many people may wonder now men can call themselves ministers of God and support Communist terrorists and oneworld-socialism. As Paul told the elders at Ephesus during the first century of the church,

"For I know this, that after my departing shall grievous wolves enter in among you, not sparing the flock." Acts 20:29. Today we have church denominations run by wolf-packs of liberals who deny the faith. A minister from Washington,

said, "We liberal D.C. clergymen are no longer interested in the fundamentalmodernist controversy. We do not believe we should even waste our time engaging in it. So far as we are concerned it makes no difference whether Christ was born of a virgin or not. We don't even bother to form an opinion on the subject." Many of these men are so far from the truth that they don't even consider it or have an

opinion of it. A minister from Arlington, Virginia said, "We have closed our minds to such trivial considerations as the question of the resurrection of Christ. If you fundamentalists wish to believe that nonsense, we have no objections, but we have more important things to preach than the presence or absence of an empty tomb 20 centuries old." Paul said, "And if Christ be not risen, then is our preaching vain, and your faith is also vain." I Cor. 15:14. Without the resurrection of Jesus Christ. Christianity is a dead religion.

A leading minister in Washington D.C., said flatly, "In our denomination what you call the Faith of our Fathers is approaching total extinction. Of course, a few of the older ministers still cling to the Bible. But among the younger men. the real leaders of our denomination today, I do know a single one who believes in Christ, or any of the things that

you classify as fundamentals." He went on to say, "We are moving in the direction of the elimination of prayer from our services entirely. We still include it occasionally, to please

those who are accustomed to it. for prayer is a sort of habit with folks. It takes time to educate them to a realization that it is a hang over from the superstitious past. We do not teach them to pray."

Can you imagine ministers who ignore the virgin birth, deny the resurrection as nonsense, do not believe in Christ, deny all the fundamentals of the faith of their forefathers and even regard prayer as superstition? Paul tells of them in Romans 1:28, "And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind, to do those things which are not convenient."

These men are forerunners of Antichrist and the one-worldecumenical church of Antichrist. "Even him, (Antichrist) whose coming is after the working of Satan with all power and signs and lying wonders, And with all deceivableness of unrighteousness in them that perish; because they received not the love of the truth, that they might be saved. And for this cause God shall send them strong delusion, that they should believe a lie: That they all might be damned who believed not the truth, but had pleasure in unrighteousness." Secular Humanist ministers are anti-christs. (adv.)

Bits O'Talk

by Fay Bovee Mr. and Mrs. Patrick O'Connor of Suttons Bay are the proud parents of a baby girl, Erin Kelly, born March 9, 1981. They are former residents of Grayling.

Hear the Band

Don Carl has a new trumpet stand which will help him. He and Scott Pittman are both looking for new trumpets. They both feel they can expand their ability by having the extra instruments.

We told you last week about the Junior High Band Festival and this week we have the results. In total, 21 schools participated in the Festival. It started at 7:30 a.m. and everything was finally cleaned up about 7 p.m. We had two Class AA bands. two Class B bands, three Class C bands and 14 Class D

bands. The Suttons Bay and Traverse City Orchestra bands were the only two bands to receive solid I's. The Mancelona, Inland Lakes and Petoskey bands received four I's and one II. Of the fifteen other bands, scores of II's, III's and IV's were given

We feel that the Festival ran smoothly and that everyone had a good time. Food and refreshments were available for all the bands members. Grayling was unable to participate this year, because they felt they were not quite prepared, but plan on being among the top bands next

CARD OF THANKS

I want to thank Dr. Rosi, Dr. Steffe, Dr. Lorenzo and all the nurses and staff for being so kind to me while I was a patient at Mercy Hospital.

Also thanks to all my relatives, friends and especially the Bingo Bunch for the beautiful flowers.

Bless You, Elsie Bonamie

Marriage Encounter Information Night

There will be a Marriage Encounter Information night Sunday evening, March 22, 7:30 p.m. at St. Mary's Family Center. Maurice and Jean Janisse of Roscommon will be the guest speakers presenting information about this very important movement.

A number of couples from our parish have already made a marriage encounter weekend, and many couples have been seeking information as to just what it is about. Here's a chance to find out.

Plan on attending with your spouse. This information night will be of interest to non-Catholic Christian couples as well. Everyone is welcome to attend.

In Appreciation

The Grayling Youth Booster Club Board of Directors wishes to express its appreciation to the many generous people of the county who donated salads and desserts for our recent Swiss Steak Dinner.

We would also like to extend our appreciation to Jean and Gene Potter of Auman's House of Catering for the use of their facilities.

During the annual Winter Carnival the Club sponsored a Pancake Breakfast at the Grayling House. Again this was a financial success with a special appreciation to Rich and Sis Burr who donated the facilities to us and for their guidance and assistance.

Receipts from these functions have made it possible for the Club to donate to the Winter Carnival, to the Scholarship Fund for the Winter Queen Runner-Up and to the Junior Take this ad with you. It's your invitation to save. Pro Basketball League.

Chris **Clover's**

"Cooperative Extension Service programs are open to all without regard to race. color, national origin or sex."

by Sue Louchart

Hi! I'm Chris Clover here with news from the Crawiaci County 4-H Clubs.

The final totals are in on the Reye Syndrome Bowl-A-Phon and what finals they are! The grand total for the four leagues is \$1665.53! The community can be proud of themselves and of the 4-H bowlers they sponsored.

The six bowling balls that went to the high game winners in each league came from the AuSable Construction, Fred's Auto Body, Grayling Area Jaycees, Moshier Sales & Service, Rochette's and R & H Sports.

The Rookie Rollers collected \$351.60 from their sponsors. The winner of the bowling ball was Tracy Wolfe. Ricky and David Montgomery each received an electronic game for second place. Amy Ashton received a R.S. Frisbee for third place.

The Little Rascals top winner was Mike VanHill for the bowling ball. The electronic game went to Tina Golnick and the frisbee to Randy Laundre. Their league collected the most from their sponsors-\$538.28.

The Saturday leagues the Early Birds collected \$337.68 and the Pin Pals \$437.97. The bowling ball winners were Steve Brooks and Tracy Muth. The electronic games went to Shelly Trenary and Renee Wiltse. Taking home R.S. frisbees were Richie Grant and Bobby Varco.

Thirty-four bowlers who collected \$25 or more from their sponsors received Reye Syndrome t-shirts. All bowlers had a chance to get the other two

bowling balls and two R.S. frisbees. All their names were put in a hat then four names drawn out. The lucky winners of the bowling balls were Kevin Hunter and Yvonne Moshier. The frisbee winners were Bobby Varco and Margarita Perez.

411 bowlers we are all very proud of you and what you have done to help researchers wipe Reve's out of the lives of children. You sure are living the 4-H Plege of "I pledge my hands to larger service." Your bowling shows it!

Exploration Days are just around the corner. All youth in the community whether a 4-H member or not and adults can go. They will spend three days on the campus of Michigan State University. Two hundred choices of activities to explore will be on hand. Evening entertainment will be the national known group "Life" and the 4-H Michigan Performing Arts Troup. Contact Ann right away for more details.

The 4-H Community Choir will be starting practice May 1st. This club has a limit of thirty from the ages of 8 and up. Boys and girls call the office soon if interested. We have a director and a pianist all ready

There are still openings in the Gymnastics Club and in the Clown Club for both members and helpers.

If anyone would like to join one or more of the many clubs or start a new club just call the 4-H office at 348-5123 and let Ann know. Look for me next week with more news about the clubs and what's new in 4-H. See you!

Dr. Schwarz Attends Seminar

Dr. G. Robert Schwarz recently attended Personal Injury Seminar '81 in Orlando, Florida. Melvin Belli headed a distinguished panel of attorneys, chiropractic and medical physicians for a two-day cominar on personal injury litigation, February 28th and March 1st at the Holiday Inn International.

Recent legal precedents have brought new emphasis to soft tissue injury, particularly in assessing the extent and liability of damage and, thus, in determining court awards. This seminar was designed to make attorneys and doctors more comfortable in the handling of courtroom testimony in these

specialized cases. Specific topics discussed were Successful Management of Personal Injury Litigation; Proving Damages in the Personal Injury Case; Medical Substantiation of Soft Tissue Injuries; and Psychiatric Nature of Pain and Suffering as it Relates to Personal Injury Litigation.

D.N.R. Geologist Retires Mar. 13

Syd Dyer, Department of Natural Resources Regional Geologist, Roscommon, Michigan, will retire after 29 years of State service on March 13, 1981.

Syd began his employment with the DNR's Geological Survey Division at Mt. Pleasant in 1954 after graduating from MSU with a degree in Geology. He initially was an inspector of gas and oil operations in 28 northeastern Michigan counties and was promoted to Oil & Gas Operations Supervisor in 1964. In 1972 he was transferred to the Regional Office at Roscommon and in 1974 was promoted to Regional Supervisor in charge of mineral development and extraction in Northern Lower Michigan.

Syd, a member of the local Mason's Lodge, was born in Roscommon in 1923 and graduated from Roscommon High School in 1940. He served as a page in the Michigan Senate for two years before joining the Air Force in 1943, serving until 1946 as an air radar observer and navigator. Always interested in flying, he obtained a private pilot's license in 1945 and actively pursues the sport. His hobbies include woodworking and big game hunting, and his hunting trips have taken him worldwide. Syd plans on extensive traveling after retirement but will keep his

home base as Roscommon. Freinds and acquaintances of Mr. Dyer are invited to an open house at the Roscommon Regional Office on M-18 south of Roscommon from 2:30 to 5:30, Friday, March 13, 1981.

RS BOWL-A-THON WINNERS-Thanks to the generosity of a great many people and the hard work from our Grayling girls and boys, the Reye's Syndrome Bowl-A-Thon was a great success. We took in a total of \$1,704.38 to be used for research and awareness in fighting the dread childhood disease. The kids had a lot of fun and a great feeling of pride in knowing that they were able to help other children. We can be very proud of our little guys and gals.

A special show of gratitude must go out to the six caring merchants who donated the bowling balls as top prizes: R & H Sports, Rochette's Party Store, Fred's Auto Body, AuSable Construction, Moshier's Sales and Service, and the Grayling Area Jaycee's.

Following were 1st place winners of the bowling balls: Tracy Muth, Steve Brooks, Tracy Wolf, Mike VanHill, Yvonne Moshier and Kevin Hunter.

The 2nd and 3rd place winners of games and frisbees were Tina Golnick, Randy Laundre, Ricky Montgomery, Amy Ashton, Bobby Varco, David Montgomery, Renee Wiltse, Shelley Trenary, Richard Grant, and Margarita Perez. Also, 35 T-shirts were awarded to all the boys and girls who raised \$25 or more.

Pictured are the winners: front row (from left): David Montgomery, Tracy Wolf, Kevin Hunter, Ricky Montgomery. Again, thanks, kids, for the great job from all of us at the Reye's Syndrome Foundation. Also, thanks to all who helped in any way to make this such a success. (Joe Schrader photo)

Dial-A-Ride Personnel Complete CPR Course

"All present Dial-A-luce driver-dispatchers have now completed a six hour course in cardio-pulmonary resusitation", stated Chet Johnston, Manager of Crawford County Public Transit. This training is in addition to Standard First Aid, an eight week course which some employees are in the process of completing.

Johnston said that while the CPR course is not Staterequired, it was felt that with the public awareness of the value of CPR in emergency lifesaving situations, it seemed logical that CCPT drivers receive this necessary extra training. "Likewise, we could have met the State required eight hour First Aid course, but went with the longer eight week Standard course. After all, a great deal of our driving is in relatively remote areas where regular medical assistance may not be immediately available," Johnston added.

Johnston stressed, however, that CPR, like Emergency First Aid, is only temporary emergency treatment until proper medical attention can be obtained. "It is not meant to be a substitute for fully-qualified medical attention under any circumstances."

Simply stated, pulmonary resusitation is an attempt to re-establish a relatively stable heart or lung pattern of operation without benefit of medicine or medical

Robert Harold Conlen, 36, New Baltimore, demanded preliminary examination on a charge of carrying a concealed weapon. The 12-day period was waived and a \$2,000 cash/surety bond set.

Larry John LaMotte, 33, Grayling, demanded preliminary examination on a charge of possession of cocaine. The 12day period was waived and a \$1,000 personal bond was set.

Rodney Joseph Frost, 29, Saginaw, pled guilty to two and associates for all of their charges, the first, impaired kind words, deeds, thoughts, driving, the second, unlawful use of marijuana. On the first charge he was fined \$255 or 14 days in jail and fined \$205 or 14 days in jail on the second charge.

Lon David Rule, 24, Bay City, pled guilty to a charge of impaired driving (second offense) and was fined \$305 or 30 days in jail.

As the state's economy continues to decline, the Legislature continues to look for ways to make revenues and expenditures balance.

With an apparent unwillingness to raise revenues with an increase in taxation, the expenditure side of the ledger is the most attractive.

The most recent means is a possible rollback or elimination of a 9 percent pay raise negotiated for civil service employees. The raise is set to take effect on October 1, the beginning of the state's next fiscal year.

The Senate will soon take a vote on a resolution, offered by Appropriations Committee Vice-Chairman Bill Huffman (D-Madison Heights), which would cut the pay raise in half.

Adoption of the resolution by the required two-thirds vote in both the Senate and House would mean a general fund savings of approximately \$42.5

Meanwhile, Governor William G. Milliken said he will oppose any effort to rollback the proposed pay increase.

"I made my position clear in the budget message in which I recommended full funding of all pay increases, including those negotiated with state employee unions," he said in a letter to employee unions.

Milliken said he was proud of state workers who voluntarily reduced their pay or took unpaid leave time to help the state through the fiscal crisis.

"I recognize the employee willingness to help out in a time of crisis is based, in

part, upon their labor agreements and expected wage increases. I remain committed to earlier wage agreements," the governor said.

Huffman said voting for the resolution should not be a difficult vote but a necessary one.

Suggesting the membership of the Legislature doesn't know the seriousness of the state's budget problems, Huffman said adoption of the resolution could save as many as 3,000 state jobs in the near

Senate Majority Leader William Faust of Westland agreed that it didn't make much sense to raise civil service pay and then be forced to make layoffs to balance the budget.

Faust expressed interest in action taken at Michigan State University where the board of trustees declared a state of financial emergency thus allowing for the layoff of tenured faculty.

Faust questioned whether the state couldn't take a similar action allowing layoffs to reach the older, higher paid employees rather than only bumping the younger employees of the state payroll,

DeSana Senator James Wyandotte) said it would be easier for him to vote for the resolution if the Legislature could also vote to reject the 14 percent legislative pay increase slated to go into effect January 1, 1982.

"We need to be consistent," he said. A resolution was offered to reject the legislative pay increase but it was referred to committee and is expected to remain there.

Parents Helping Children

Peter Ingvarsson

Many people claim that children just don't read anymore. Well, consider these statistics gathered by the International Reading Association.

1. Out of the top 200 magazines in circulation 13 of them are for young people. These magazines reach at least 12

million children. 2. There are about 40,000 different children's books now in

print in the United States. 3. One popular children's author, Beverly Cleary, has over one million books now in

4. Sales of children's paperbacks jumped 45.7% in the United States from 1977 to 1978.

What could be causing this to happen? There are probably several things working together to make it happen. The first is that parents and schools have become extremely aware, in recent years, of the need to get kids interested in reading. Wherever parents and schools have worked together on this, results have often been dramatic.

Second, publishers have tried very hard to develop new stories and formats that appeal to children. In fact, as a teacher, I have had difficulty putting some of these books down once I started them.

Third, there are books and magazines available that appeal to a wide variety of interests. Almost any child can find something that they want to read about or learn more about.

Whatever the reasons may be, it's an important trend and as educators and parents we need to do everything we can to keep it happening. There is a lot of truth to the saying that if children are to grow up thinking, then reading is fundamental.

TO THE CUSTOMERS OF MICHIGAN CONSOLIDATED GAS COMPANY

(Published by Direction of the Michigan Public Service Commission)

Case No. U-6790

NOTICE OF HEARING ON THE MATTER OF THE MICHIGAN PUBLIC SERVICE COMMISSION'S INQUIRY INTO THE PROPOSED DIVESTITURE OF MICHIGAN CONSOLIDATED GAS COMPANY BY THE AMERICAN NATURAL RESOURCES COMPANY

American Natural Resources Company (American Natural), the holding company parent of Michigan Consolidated Gas Company (Michigan Consolidated), has announced to the public at large that its Board of Directors has directed the management of American Natural to conduct studies to determine whether Michigan Consolidated should be separated from the American Natural System. The Commission is aware that such studies are under way and that upon completion, American Natural will decide whether or not to separate Michigan Consolidated. If the separation were to be implemented, Michigan Consolidated would no longer operate as a subsidiary of American Natural.

Michigan Consolidated is a gas distribution utility which supplies natural gas to more than one million retail customers in Michigan. It serves approximately 70,000 general service customers and 950,000 residential customers. Additionally, 200 large volume firm service industrial customers, along with 140 interruptible customers and 300 school customers are provided with natural gas service. The service area of Michigan Consolidated includes the Cities of Detroit, Grand Rapids and Muskegon, along with the northern portion of the Lower Peninsula and areas in the Upper Peninsula.

The Commission is concerned that a decision for divestiture by American Natural not act to impair the capability of Michigan Consolidated to continue to provide reliable and adequate gas service to its customers at reasonable rates. After careful consideration of this matter, and with recognition that specific aspects of any divestiture action as it concerns prudency on the part of Michigan Consolidated's management may be addressed in future contested rate proceedings, the Commission concludes that hearings of a fact-finding nature are in the public interest. It is the intent of the Commission that appropriate officials of Michigan Consolidated appear and present testimony as to what the proposal for divestiture is, and the underlying reasoning for any proposed division of responsibilities, opportunities and resources.

The Commission has determined that: a. The public interest requires that the Commission, on its own motion, inquire into the matter of the possible divestiture of Michigan Consolidated by American

b. Public hearings should be held for the purpose of receiving testimony from appropriate officials of Michigan Consolidated regarding the proposal for divestiture, the underlying reasoning for any proposed divestiture

of responsibilities, opportunities and resources, the impact of the proposed divestiture on Michigan Consolidated's capability to render adequate, reliable and safe natural gas service to present and future customers, the impact of the proposed divestiture on Michigan Consolidated's capability to serve its customers at the lowest possible rates, and the Commission's jurisdiction in these matters.

c. The proceedings should be in the nature of a legislative inquiry and any interested person shall be provided the opportunity to present comments on the proposed divestiture.

d. Jurisdiction is pursuant to 1909 PA 300, as amended, MCLA 462.2 et seg.; 1919 PA 419, as amended. MCLA 460.51 et seg.; 1939 PA 3, as amended, MCLA 460.1 et seq.; 1969 PA 306, as amended, MCLA 24.201 et seq.; and the Commission's Rules of Practice and Procedure, 1954 Administrative Code, 1968 Annual Supplement, R 460.11 et seq.

NOTICE IS HEREBY GIVEN that: A. A public hearing will commence at 9:30 a.m. on March 23, 1981 in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan.

B. Michigan Consolidated shall file prepared testimony on or before March 16, 1981 addressing the abovementioned areas of Commission interest.

C. American Natural is requested to fully participate in this inquiry and to provide testimony addressing the areas of Commission interest as set forth in paragraph B above.

D. The Staff of the Commission shall provide comments in the areas of Commission interest following its review of the testimony of Michigan Consolidated and of American Natural, if any.

E. All interested persons shall be provided the oppor-

tunity to present comments in the form of either testimony or prepared statements. $-\tilde{E}$ These proceedings be held in the nature of a legis-

lative inquiry rather than an adversary hearing. Statements will be made under oath but will not be subject to cross-examination. Statements may be subject to questioning by the Commissioners, the Administrative Law Judge and the Commission Staff.

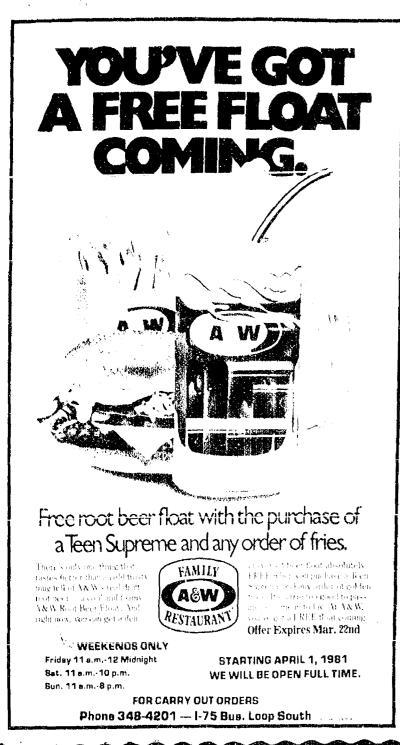

The Commission specifically reserves jurisdiction of the matters herein contained and the authority to issue such further order or orders as the facts and circumstances may require.

Basketball by Mike Shearer

The Grayling Junior Pro Basketball League has just ended a very successful season, with a first year membership of over 100 boys and girls in grades 4th, 5th, and 6th. Playing an 8-game schedule, each team competed with 3 other teams in its own grade group, learning team spirit and competition, and having fun in the process.

The League was set up last

November with Mike Shearer as President, Bill Ruddy-Vice President, Ted Kortes-Secretary/Treasurer, Stephenson-4th grade coordinator, Howard Lehti-5th grade coordinator, and Dave Zielinski-6th grade coordinator. Gym times were set up, game schedules were made; referees were sequestered utilizing high school students, and away the league went. The first game was held Saturday, December 20 at the Senior high gym. Utilzing the entire gym, 2 games were held at the same time, playing cross court using a continuous clock, 8 minute quarters. High school rules were followed with the exception that there was man to man defense, 5 seconds allowed in the lane, and no full court press, allowing the offense to bring the ball across the half court line

before being defensed. As the season progressed, comments were heard about the improvement in the playing skills of the kids, and as an added plus for the program, scrimmages were set up, to be played during the halftime of the Grayling Varsity and Junior Varsity Basketball games. A League banquet will be held in a few weeks to honor all partici-

pants of the League. With the regular season finished, things are beginning to pick up for the 6th grade All-Star team. The team will be traveling to Cincinatti, Ohio on Friday morning, March 20, to participate in the National Junior Pro Basketball League Tournaments, something new for Grayling kids. During the past few weeks, the team has played against Roscommon's 6th grade team, took on the Grayling 7th grade team, and a few of the kids traveled to Three Rivers to play against the T.R. kids, with a side trip taken to the Museum of Science and Industry, and the Sears Tower, the worlds tallest building. Both of the attractions are in Chicago, Illinois. The All Stars were treated to a special clinic a few Saturdays ago by Varsity coach Butch Hayes and several members of his Varsity team. During the clinic, the 6th graders received on-the-job training, learning special skills that will help them throughout their basketball career.

Members of the All-Star team are: Wayne Casler, Scott Davis, Rick Dillenbeck, Todd Klinger, Andy Kortes, Jim Laurent, John Meagher, Michelle Moore, David Somerville, Keith Whaley, John Zielinski, and Tim Zigila. Fred Fisher is the alternate and managers are Joe LaGrow and Kathy Kraus. Coaches are Mike Shearer, Dave Zielinski, and Ted Kortes. Results of the tournaments will appear in the paper after the team returns from Ohio.

Organization Seeks Help

Sibs for Kids may be the most recent victim of funding cuts. Bob Harrington, Director, reported today that expected funding has not materialized to date and paid positions within the organization could expire very soon. This has been precipitated by cutbacks in CETA funding and failure of expected support financial materialize.

Sibs for Kids is a local nonprofit corporation dedicated to serving kids from single parent families. The program utilizes adult volunteers from the community who spend a couple of hours a week with their little sibs. The main emphasis is on involving the little sib in leisure time activities which he or she wouldn't normally have the opportunity to experience in the process of this involvement, the little sib has an adult of the same sex to relate to and model him/herself after.

Little Sibs are not a whole lot different than their counterparts except that they do not have both parents to model themselves after. They are not juvenile delinquents, just kids wanting to be shown how to become mature, responsible, well rounded citizens.

The responsibility of the Director of Sibs for Kids is to recruit and propose matches to the match committee, work toward explaining the program to the community, and fund raising.

Members of the Board of Directors are, Rod Denley-Bob Bovee-Chairman, Treasurer, Jeanie Sloan and Dave Jansen-Match Committee, and George Pamerleau, Debra Larsen, Pete Stephan, Dick Trudeau and Jan Reynolds Members at Large. There are currently several positions open on the Board of Directors for interested persons in the Community.

Since employing the current Director in December 1979, Sibs for Kids has served 42 children in the community and is still

Bob Harrington stated that public acceptance of the program thus far has been great but financial support is now needed. It is essential that the program have a professional Director/Caseworker to maintain the high degree of integrity and approval attained this far.

Harrington is continuing to seek financial assistance through grants, local churches, clubs & service organizations. A total of approximately \$10,500 is needed for the remainder of this

Adopted: March 10, 1981

Effective: March 10, 1981 Whereas, the Township of Lovells is authorized by Act No. 184 of the Public Act of 1943, MCLA 125.271, to adopt an Ordinance for the Abatement and Removal of Nuisances Dangerous to Persons or Property in the Township of Levells, to Provide for Hearings in Connection Therewith and Penalties for Violation Thereof; Now therefore, the Township of Lovells Ordains:

SECTION 1. That from and after the effective date of this ordinance it shall be unlawful and shall be deemed a violation thereof for any person, firm or corporation to commit, create or maintain any public nuisance within the Township of Lovells.

SECTION 2. For the purpose of this ordinance a public nuisance shall be defined to be whatever annoys, injures or endangers the public comfort, convenience, safety, health or offends public decency, interferes with, obstructs or renders dangerous any public place, street, highway or stream, or in any way renders the public insecure in health, life or property and shall include but not be limited to any of the follow ing specific provisions:

(a) DANGEROUS STRUCTURES. No person shall maintain any building or structure which constitutes a fire hazard, or is unsafe or a menace to the health, morals or safety of the public.

(b) TREES, SHRUBS AND PLANTS. Any tree, shrub or plant which because of its nature or condition shall constitute a danger to property or to the health or safety of the public, is hereby declared to be a public nuisance and shall be removed by the owner or occupant of the land on which the same is found.

(c) No person shall permit or allow any empty cans, food containers, broken or whole bottles, crockery or utensils of any kind, abandoned automobiles or vehicles, automobile bodies or parts, or stoves, iceboxes, parts of any machinery or any litter, flammable matter or substance, offal, ashes, rubbish, refuse, waste paper, industrial byproducts or wastes, clinkers, cinders, either upon the land owned, occupied, or used by any indivdual or company, or upon any land in any public place or privately owned of another, or where the same to be so used to create a fire hazard, attract flies, rodents or vermin, or as to emit offensive or unhealthy odors, or so as to permit any of the same to be blown or scattered on adjoining lands by the wind.

(d) REFUSE DUMP SITES: No person shall place or deposit within any Township dump site or dump site area, except on designated days, stoves, refrigerators, furniture, water heaters, parts of any machinery, flammable matter, industrial by-products or waste, cinders, stumps or any dead animals or other large items. All refuse placed in the dump site must be in plastic bags. All larger paper boxes shall be cut or crushed. At no time shall any person or persons place any of the items mentioned in the area outside or at the gate of the dump site when the dump is closed. All persons using refuse dump sites shall be a resident or Township taxpayer. There shall be no commercial use of refuse dump site.

SECTION 3. ENFORCEMENT. It shall be the duty of the Supervisor of the Township and any duly authorized law-enforcement officer within the jurisdiction of this county to enforce this ordinance:

(a) By prosecuting the person, firm or corporation for any violation

(b) By causing the nuisance to be immediately abated, without notice, provided such nuisance shall constitute an imminent danger to the public health or safety, or to the property.

(c) By causing written notice to be served upon the owner or occupant of any premises on which a nuisance shall exist to abate the same forthwith, provided, that if, after service of such notice the owner or occupant shall fail to abate such nuisance within 10 days from the date of such service, then the same may be abated by the Township at the cost of such owner or occupant.

(d) In the event any nuisance shall be abated by the Township the cost of such abatement shall be borne by the owner or occupant of the premises on which such nuisance existed and such cost may be recovered by action at law or by special assessment on the property on which the nuisance existed.

(e) In addition to the foregoing remedies the continuance of any such nuisance may be enjoined at the suit of the Township or any court of competent surisdiction

SECTION 4. APPEAL TO COUNCIL. In any proceeding to enforce this ordinance if any person shall feel free himself aggrieved at the action taken, he shall have the right to appeal to the Township Board of said Township, PROVIDED: that such appeal shall be in writing and shall be delivered to the Clerk of said Township on or before 5 days from the date of which the proceeding complained of occurred.

SECTION 5. PENALTY FOR VIOLATION. Any person who fails to comply with any provision of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not over \$100.00, or by imprisonment in the county jail for not to excged 90 days, or by both such fine and imprisonment in the discretion of the court

SECTION 6: SEVERANCE CLAUSE. If any section or provision of this ordinance shall be held by any court to be unconstitutional or invalid, the same shall not be held to affect any other section or provision

SECTION 7. All ordinaces or parts of ordinances inconsistent with

the provisions hereof are being appealed. SECTION 8. This ordinance shall become effective on the day of Adopted by Township Board: March 10, 1981 Publication Date: March 19, 1981 LOVELLS TOWNSHIP BOARD Helen M. Spencer, Clerk

Editor's Mailbox

April 28, 1981 election. Personally I have reached the breaking point with taxes; how about you?

The ballot will propose a mere (only) 3.2 mill tax for a \$3,500,000.00 new building. This, of course, does not cover what the school will really cost nor does it cover operating costs for which more millage will follow; so please vote "NO" on April 28,

We have attended a number of school board meetings without success. We wanted the school board to offer voters an alternative on the ballot to restore the old middle school building at a figure of some \$1,250,000.00. The square footage of both this and the new building are comparable.

Nationwide, this date, many cities have found that restoring old buildings is not only desirable, & economical, but also preserves historic value which cannot be restored once it is destroyed.

Attend the Church of Your Choice

Yesterday and TODAY

You'd probably love to have a car like this to fool around with. But suppose you had to drive it day in and day out?

We Americans are used to having the latest, and we don't like to live with what seems out-of-date to us. For that reason, a good many of us don't go to church. We tell ourselves that church was great for Grandma and Grandpa, or maybe even for Mom and Dad, but it has no place for us in this jet age.

If we believe this . . . then it is we who are out-of-date! The Church today is a modern institution in touch with the world around it. It helps us cope with the problems of modern life, teaching us to change with a changing world. Let's catch up with the times. Let's attend church.

ANNUAL TAX SALE

STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF CRAWFORD

ORDER FOR HEARING No. 80-004-405 In the Matter of the Complaint of the State Treasurer of the State of Michigan, for and in behalf of said State, for the sale of certain lands for laxes assessed thereon On reading and filing the complaint of the State Treasurer of the State of Michigan praying for a judgement in favor of the State of Michigan, against each parcet of land therein described, for the amounts therein specified, claimed to be due for taxes, in terest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan It is ordered that said complaint will be brought on for hearing and judgement at the April term of this Court to be held at Grayling in the County of Crawford State of Michigan,

on the 6th day of April A.D. 1981, at the opening of the Court on that day, and that all persons interested to such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and tile with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a judgement will be taken and entered as prayed for in said complaint. And it is further ordered that in pursuance of said judgement the lands described in said complaint for which a judgement of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such judgement, on the first Tuesday in May thereafter, beginning at 10 o'clock a m. on said day. or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the county of Crawford State of Michigan; and that the safe then and there made will be a public sale, and each parcel described in the judgement shall be separately exposed for sale for the total taxes. interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State. Witness the Hon. Boyd C. Baird. Assigned

2. That Schedule A annexed hereto is the tax record required by the act first above main. 29. A parcel of land in SW Cor. of SWW of tioned and contains the description of all fan ds in the aforesaid county upon which taxes. which were assessed for the years mentioned therein, have remained unpaid for more than 30. Comm at the W14 Cor of Sec. 31 T25N one year after they were returned as delinquent, the description of all lands in said county heretofore bid off in the name of the State and thus held and upon which taxes which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year

after they were returned as delinquent 3. That extended separately in said schedule against each description of said lands therein contained are (a) the total amount of delinquent taxes upon said description for the non-payment of which the same may lawfully be sold at the next annual tax sale (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four per cent which shall be a minimum of \$1.00 as provided by Section 211.59. C.L. 1970 as amended, and (d) \$5.50 for expenses, all in accordance with the provisions of the act first

above mentioned. 4. That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of th aforesaid parcels of land against which they were assessed and are extended in said schedule at the next annual tax safe for the non-payment thereof, and that the said taxes interest, collection fee and expenses so extended in said schedule against each parce of land therein described constitute a valid lien upon each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof

Wherefore your plaintiff prays. a. That within the time provided by law this court may determine and adjudge that the aforesaid taxes, interest, collection fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein exten

b. That within the time provided by law this court make a final judgement in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts. of taxes, interest, collection fee and expenses as computed and extended in said schedule against the several parcels of land thereu contained, and the amounts listed in the column headed "aggregate" shall constitute the amounts adjudged against the said several parcels, unless so amended by this

c. That said judgement provide that if default of the payment so ordered of the said several sums computed and extended against said lands in said schedule, the said several parcels of land or such interest therein as may be necessary to satisfy the amount adjudged against the same, shall severally be sold as the law provides: That your plaintiff may have such other and further relief in the premises as to this court may seem just and equitable

And your plaintiff will ever pray, etc. Dated: February 23, 1981 LOREN E. MONROE State Treasurer of the State of Michigan for and in behalf of

said State. SCHEDULE "A" TAXES OF 1978 AND

Film Tour

(Continued From Page 1)

the current Travel and Adventure Season, a full-length documentary of the country of New Zealand. The film, which will be narrated alive and in person by Robert O'Reilly, will be shown in the Grayling High School Auditorium beginning at 7:30 p.m. Doors will be open at 6:45 and tickets will be available at the door.

New Zealand has been acclaimed by those who have visited there as being a land of unmatched beauty. The country literally abounds with scenic attractions and some claim that New Zealand presents all the wonders of the world in one country. Mr. O'Reilly's film captures the romance, drama, and excitement found on one of the earth's most fabulous group of islands. New Zealand is a land for the tourists, abundant in allurements of every kind. It is a land for the sportsman, an angler's utopia. Included in the film is a documentary of the life of the Maori people.

As a special addition to the festivities of the evening, the Grayling Holiday Inn will be serving a special New Zealand buffet the evening of the travelogue featuring many dishes commonly found in the island nation. Free transportation will be provided from the Holiday Inn to the auditorium and back again.

Read your Guest Editorial for "National Employ the Older Worker Week". It was the most and said it

I think it touched a lot of hear-ts. It also took me back a few year's ago, when I was employ-

ed at Mercy Hospital. There was an older lady in our Department that fit's your article right to the letter. She maybe could not run as fast as the young one's, but one day she turned to the Boss and said, remember what the tortoise

said to the hare, "slow and easy " wins the race." Nothing was said after that. She is enjoying many year's of retirement now. To the young one's they're also great and to the older one's

as long as our Health is good, let's keep up the good work. May God Bless all "Young High Game: M. Weaver 199, M. Canfield or Old"
